

Balloting and publishing proposed constitutional amendments is a regular duty of county clerks, paid for by the county fiscal court. There are additional programming costs associated with adding a new category (local option question or constitutional amendment) to the ballot on an already scheduled statewide election.

Ballot printing costs are also a factor in election expenses. If the proposed amendment results in additional pages needed for the ballot, that would be an additional cost to the county clerk's office. It has been estimated that the cost of one extra page for a ballot is \$0.25.
