STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$122.84. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full-service or regional jails for up to five (5) years. Department of Corrections cost to incarcerate a felony inmate in jail is \$47.43 per day, which includes \$35.34 per diem, medical costs, and central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

The legislation would likely have a minimal impact on operational costs at the state level by creating a new Class D Felony. However, DOC does not anticipate many convictions.

Class D felons are housed in a county jail, and DOC pays counties a per diem for housing those inmates. A Class D Felony sentence is 1 to 5 years.

- One (1) Class D Felon costs KY \$17,313.27 to \$86,566.34.
- Ten (10) Class D Felons cost KY \$173,132.67 to \$865,663.37.
- One hundred (100) Class D Felons cost KY \$1,731,326.74 to \$8,656,633.71.

There are currently 1,103 inmates in custody and 3,116 offenders on supervision for other offenses related to KRS Chapter 512 which covers crimes related to pollution and environmental harm. The population statistics are being provided to offer a reference for the number of offenders who commit similar crimes.

Population counts and offender data are sourced from the Kentucky Offender Management System (KOMS). Cost to Incarcerate can be found on corrections.ky.gov/public-information.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until the disposition of the case. The estimated impact will be based on the \$47.43 cost to incarcerate for the Department of Corrections,

including \$35.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*

**All projections are based on the daily rate x 365 days x number of years. The cost to incarcerate as calculated by the Department is shown here as rounded to the hundredths. Offenders may have multiple offenses or be incarcerated on other charges unless otherwise noted. Unless otherwise noted, numbers will include inchoate offenses at the underlying offense level.*
