RE: HB 32 (BR 101) - AN ACT relating to coverage for epinephrine devices.

Dear Mrs. Allen:

Staff of the Judicial Form Retirement System (JFRS) has reviewed **HB 236 (BR 499)** and determined it would not materially increase or decrease benefits, or increase or decrease participation in benefits, or change the current actuarial liability of either plan administered by JFRS. The requirements outlined in the legislation could result in an increase in premiums for insurance policies provided through JFRS, however the direct cost to LRP or JRP is not easily measurable at this time.

In compliance with KRS 6.350(2)(c), the Judicial Form Retirement Systems (the agency in charge with the administration of JRP and LRP) certifies the following:

1. The estimated number of participants potentially affected, as of June 30, 2025, are 1,025 individuals participating in JRP or LRP.
2. There is no estimated change in benefits.
3. There is no estimated change to current employer costs; however, if the additional insurance coverage outlined in the legislation did result in increased premiums, there could be an increase in employer cost.
4. There is no estimated change to administrative expenses.

We have not requested any further actuarial analysis of **HB 32 (BR 101)** by the Systems' independent actuary. Please let me know if you have any questions regarding this analysis.

Sincerely,

Bo Cracraft, Executive Director
