- (2)
 - (a) Single commission pari-mutuel pools may be calculated using either the standard price calculation procedure or the net price calculation procedure.
 - (b) Multi-commission pari-mutuel pools shall be calculated using the net price calculation procedure.

| Net Pool | = Gross Pool - Takeout |
| Profit | = Net Pool - Gross Amount Bet on Winner |
| Profit Per Dollar | = Profit / Gross Amount Bet on Winner |
| \$1 Unbroken Price | = Profit Per Dollar + \$1 |
| \$1 Broken Price | = \$1 Unbroken Price Rounded Down to the Break Point |
| Total Payout | = \$1 Broken Price x Gross Amount Bet on Winner |
| Total Breakage | = Net Pool - Total Payout |

(b) Profit split - Place pool. Profit shall be net pool less gross amount bet on all place finishers. Finishers shall split profit 1/2 and 1/2 (place profit), then divide by gross amount bet on each place finisher for two (2) unique prices.

(c) Profit split - show pool. Profit shall be net pool less gross amount bet on all show finishers. Finishers shall split profit 1/3 and 1/3 and 1/3 (show profit), then divide by gross amount bet on each show finisher for three (3) unique prices.

| Total Net Bet on Winner | = Sum of All Sources Net Bet on Winner |
| Total Profit | = Total Net Pool - Total Net Bet on Winner |
| Profit Per Dollar | = Total Profit / Total Net Bet on Winner |
| \$1 UnbrokenBase Price | = Profit Per Dollar + \$1 for each source: |
| \$1unbroken price | = \$1 Unbroken Base Price x (1 - Percent Takeout) |
| \$1Broken Price | = \$1 Unbroken Price Rounded Down to the Break Point |
| Total Payout | = \$1 Broken Price x Gross Amount Bet on Winner |
| Total Breakage | = Net Pool - Total Payout |

(b) Profit split - Place pool. Total profit shall be the total net pool less the total net amount bet on all place finishers. Finishers shall split total profit 1/2 and 1/2 (place profit), then divide by total net amount bet on each place finisher for two (2) unique unbroken base prices.

there is more than one (1) covered winning combination.

(4) If a betting interest in the first half of the double is scratched prior to the close of wagering on the first double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the double pool and refunded.

(5) If a betting interest in the second half of the double is scratched prior to the close of wagering on the first double race, all money wagered on the combinations including the scratched betting interest shall be deducted from the double pool and refunded.

(6) If a betting interest in the second half of the double is scratched after the close of wagering on the first double race, all wagers combining the winner of the first race with the scratched betting interest in the second race shall be allocated a consolation payout.

(a) In calculating the consolation payout, the net double pool shall be divided by the total amount wagered on the winner of the first race and an unbroken consolation price obtained.

(b) The broken consolation price shall be multiplied by the dollar value of wagers on the winner of the first race combined with the scratched betting interest to obtain the consolation payout.

(c) Breakage shall not be included in this calculation.

(d) The consolation payout shall be deducted from the net double pool before calculation and distribution of the winning double payout.

(e) Dead heats including separate betting interests in the first race shall result in a consolation payout calculated as a profit split.

(7) If either of the double races is cancelled prior to the first double race, or the first double race is declared "no contest," the entire double pool shall be refunded on double wagers for those races.

(8)

(a) If the second double race is cancelled or declared a "no contest" after the conclusion of the first double race, the net double pool shall be distributed as a single price pool to individuals who selected the winner of the first double race.

(b) If there is a dead heat involving separate betting interests, the net double pool shall be distributed as a profit split.

Section 13. Big Q Pools.

(1) The Big Q shall require selection of the first two (2) finishers, irrespective of order, in each of two (2) designated races.

(a) Each winning ticket for the first Big Q race shall be exchanged for a free ticket on the second Big Q race in order to remain eligible for the second half Big Q pool.

(b) Exchange tickets shall be exchanged at attended ticket windows prior to the second race comprising the Big Q.

(c) There shall not be a monetary reward for winning the first Big Q race.

(d) Each of the designated Big Q races shall be included in only one (1) Big Q pool.

(2) In the first Big Q race only, winning wagers shall be determined using the following precedence based on the official order of finish for the first Big Q race:

(a) If a mutuel entry or mutuel field finishes as the first two (2) finishers, those who selected the mutuel entry or mutuel field combined with the next separate betting interest in the official order of finish shall be winners, otherwise:

(b) Individuals whose combination finished as the first two (2) betting interests shall be winners, except if there are not any of those wagers, then;

(c) Individuals whose combination included either the first- or second-place finisher shall be winners, except if there are not any of those wagers on one (1) of the two (2) finishers, then;

(d) Individuals whose combination included the one (1) covered betting interest included within the first two (2) finishers shall be winners, except if there are not any

of those wagers, then;

(e) The entire pool shall be refunded on Big Q wagers for that race.

(3)

(a) In the first Big Q race only, if there is a dead heat for first involving horses representing the same betting interest, individuals who selected the mutuel entry or mutuel field combined with the next separate betting interest in the official order of finish shall be winners.

(b) In the first Big Q race only, if there is a dead heat for first involving horses representing two (2) betting interests, the winning Big Q wagers shall be determined as if no dead heat occurred.

(c) In the first Big Q race only, if there is a dead heat for first involving horses representing three (3) or more betting interests, individuals whose combination included any two (2) of the betting interests finishing in the dead heat shall be winners.

(4) In the first Big Q race only, if there is a dead heat for second, the winners shall be those who combined the first place finisher with any of the runners involved in the dead heat for second.

(5) In the second Big Q race only, the entire net Big Q pool shall be distributed to individuals in the following precedence based upon the official order of finish for the second Big Q race:

(a) If a mutuel entry or mutuel field finishes as the first two (2) finishers, as a single price pool to individuals who selected the mutuel entry or mutuel field combined with the next separate betting interest in the official order of finish, otherwise;

(b) As a single price pool to individuals whose combination finished as the first two (2) betting interests, except if there are not any of those wagers, then;

(c) As a profit split to individuals whose combination included either the first- or second- place finisher, except if there are not any of those wagers on one (1) of those two (2) finishers, then;

(d) As a single price pool to individuals whose combination included one (1) of the covered betting interests included within the first two (2) finishers, except if there are not any of those wagers, then;

(e) As a single price pool to all exchange ticket holders for that race, except if there are not any of those wagers, then;

(f) In accordance with subsection (2) of this section.

(6)

(a) In the second Big Q race only, if there is a dead heat for first involving horses representing the same betting interest, the net Big Q pool shall be distributed to individuals selecting the mutuel entry or mutuel field combined with the next separate betting interest in the official order of finish.

(b) In the second Big Q race only, if there is a dead heat for first involving horses representing two (2) betting interests, the net Big Q pool shall be distributed as if no dead heat occurred.

(c) In the second Big Q race only, if there is a dead heat for first involving horses representing three (3) or more betting interests, the net Big Q pool shall be distributed as a profit split to individuals whose combination included any two (2) of the betting interests finishing in the dead heat.

(7) In the second Big Q race only, if there is a dead heat for second involving horses representing two (2) or more betting interests, the Big Q pool shall be distributed to individuals in the following precedence based upon the official order of finish:

(a) As a profit split to individuals combining the winner with any of the betting interests involved in the dead heat for second, except if there is only one (1) covered combination, then;

- (b) As a single price pool to individuals combining the winner with the one (1) covered betting interest involved in the dead heat for second, except if there are not any of those wagers, then;
 - (c) As a profit split to individuals combining the betting interests involved in the dead heat for second, except if there are not any of those wagers, then;
 - (d) As a profit split to individuals whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second, then;
 - (e) As a single price pool to all exchange ticket holders for that race, except if there are not any of those tickets, then;
 - (f) In accordance with subsection (2) of this section.
- (8) If a winning ticket for the first half of the Big Q is not presented for exchange prior to the close of betting on the second half Big Q race, the ticket holder shall forfeit all rights to any distribution of the Big Q pool resulting from the outcome of the second race.
- (9) If a betting interest in the first half of the Big Q is scratched, the Big Q wagers including the scratched betting interest shall be refunded.
- (10)
- (a) If a betting interest in the second half of the Big Q is scratched, an immediate public announcement and immediate posting on the association's video monitors and Web site concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest.
 - (b) If tickets have not been exchanged prior to the close of betting for the second Big Q race, the ticket holder shall forfeit all rights to the Big Q pool.
- (11) If either of the Big Q races is cancelled prior to the first Big Q race, or the first Big Q race is declared "no contest," the entire Big Q pool shall be refunded on Big Q wagers for that race.
- (12) If the second Big Q race is cancelled or declared "no contest" after the conclusion of the first Big Q race, the net Big Q pool shall be distributed as a single price pool to wagers selecting the winning combination in the first Big Q race and all valid exchange tickets. If there are not any of those wagers, the net Big Q pool shall be distributed as described in subsection (2) of this section.

Section 14. Pick-(n) Pools.

- (1) The Pick-(n) shall require the selection of the first place finisher in each of (n)-specified races designated by the association and approved by the commission where (n) is any number of races greater than 2. Any changes to the Pick-(n) format shall be approved by the commission before implementation.
- (2) The Pick-(n) pari-mutuel pool consists of amounts contributed for a win only selection in each of (n) races designated by the association. Each individual placing a Pick-(n) wager shall designate the winning horse in each of (n) races comprising the Pick-(n).
- (3) The net Pick-(n) pool shall be apportioned in one the following methods based upon the official order of finish:
- (a) Method 1, Pick-(n) with Carryover: The net Pick-(n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick-(n) contests, based upon the official order of finish. If there are not any of those wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick-(n) contests; and the remainder shall be added to the carryover. Where there is no correct selection of the first-place finisher in at least one of the Pick-(n) contests, based upon the official order of finish, the day's net pool shall be refunded and the

previous carryover pool amount, if any, shall be carried over to the next scheduled corresponding pool.

(b) Method 2, Pick-(n) with 100 percent Carryover: The net Pick-(n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick-(n) contests, based upon the official order of finish. If there are not any of those wagers, then 100 percent of that day's net pool shall be added to the carryover. Where there is no correct selection of the first-place finisher in at least one of the Pick-(n) contests, based upon the official order of finish, the day's net pool shall be refunded and the previous carryover pool amount, if any, shall be carried over to the next scheduled corresponding pool.

(c) Method 3, Pick-(n) with Minor Pool and Carryover: The major share of the net Pick-(n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick-(n) contests, based upon the official order of finish. The minor share of the net Pick-(n) pool shall be distributed to those who selected the first place finisher in the second greatest number of Pick-(n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick-(n) contests, the minor share of the net Pick-(n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick-(n) contests; and the major share shall be added to the carryover. Where there is no correct selection of the first-place finisher in at least one (1) of the Pick-(n) contests, based upon the official order of finish, the day's net pool shall be refunded and the previous carryover pool amount, if any, shall be carried over to the next scheduled corresponding pool.

(d) Method 4, Pick-(n) with No Minor Pool and No Carryover: The net Pick-(n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick-(n) contests, based upon the official order of finish. If there are no winning wagers, the pool shall be refunded.

(e) Method 5, Pick-(n) with Minor Pool and No Carryover: The major share of the net Pick-(n) pool shall be distributed to those who selected the first place finisher in the greatest number of Pick-(n) contests, based upon the official order of finish. The minor share of the net Pick-(n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick-(n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick-(n) contests, the minor share of the net Pick-(n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick-(n) contests. If the greatest number of first-place finishers selected is one (1), the major and minor shares shall be combined for distribution as a single price pool. If there are no winning wagers, the pool shall be refunded.

(f) Method 6, Pick-(n) with Minor Pool and No Carryover: The major share of net Pick-(n) pool shall be distributed to those who selected the first-place finisher in each of the Pick-(n) contests, based upon the official order of finish. The minor share of the net Pick-(n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick-(n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick-(n) contests, the entire net Pick-(n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick-(n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick-(n) contests, the minor share of the net Pick-(n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick-(n) contests. If there are no winning wagers, the pool shall be refunded.

(g) Method 7, Pick-(n) with Carryover and "Unique Winning Ticket" Provision: The net Pick-(n) pool and carryover, if any, shall be distributed to the holder of a unique winning ticket that selected the first-place finisher in each of the Pick-(n) contests, based upon the official order of finish. If there are multiple tickets selecting the first-place finisher in each of the Pick-(n) contest(s), a share that has been declared by the association and approved by the commission, of the net Pick-(n) shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick-(n) contests and the remaining share shall be added to the carryover. If there are no tickets selecting the first-place finisher in each of the Pick-(n) contests, then; the entire net Pick-(n) pool shall be added to the carryover. Associations may suspend previously approved unique winning ticket wagering with the prior approval of the commission. Any carryover shall be held until the suspended unique winning ticket wagering is reinstated. Where there is no correct selection of the first-place finisher in at least one (1) of the Pick-(n) contests, based upon the official order of finish, the day's net pool shall be refunded and the previous carryover pool amount, if any, shall be carried over to the next scheduled corresponding pool. In obtaining authorization for operating the Pick-(n) pool under this subsection, associations shall clearly identify which definition under subsection (16)(b) of this section will be relied upon for determining the existence of a unique winning ticket.

(4) If there is a dead heat for first place in any of the Pick-(n) races involving contestants representing the same betting interest, the Pick-(n) pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for first place in any of the Pick-(n) races involving contestants representing two (2) or more betting interests, the Pick-(n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(6) If a betting interest is scratched or is designated to run for purse money only from any leg of the Pick-(n), the association shall use the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association, for the contest at the close of wagering on that contest, and shall be substituted for the betting interest that was scratched or designated to run for purse money only for all purposes, including pool calculations. If the Win pool total for two (2) or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(7) If for any reason more than half of the races comprising the Pick-(n) are cancelled or declared a "no contest", and there was no previous carryover amount, wagering on the Pick-(n) shall be cancelled and all wagers shall be refunded.

(8) If for any reason more than half of the races comprising the Pick-(n) are cancelled or declared a "no contest", and a previous carryover amount existed, the carryover amount shall be frozen and added to the next scheduled Pick-(n) event. Wagering on the Pick-(n) for the cancelled Pick-(n) wager races shall be cancelled and all wagers shall be refunded.

(9) If the condition of the turf course warrants a change of racing surface in any races of the Pick-(n), and the change has not been disclosed to the public prior to "off time" of the first race of the Pick-(n), the stewards shall declare the changed races an "all win" race for Pick-(n) wagering purposes only. An "all win" race shall assign the winner of that race to each Pick-(n) ticket holder as their selection for that race.

(10) The Pick-(n) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Pick-(n) carryover equals or exceeds the designated cap, the Pick-(n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick-(n) carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the Pick-

(n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick-(n) contests for that performance.

(11) A written request for permission to distribute the Pick-(n) carryover on a specific performance may be submitted to the commission. The request shall be for a specified date no greater than one (1) year from the date the request is submitted and contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(12) If the Pick-(n) carryover is designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick-(n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick-(n) contests. The Pick-(n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection (11) of this section;

(b) Upon written approval from the commission when there is a change in the carryover cap, a change from one (1) type of Pick-(n) wagering to another, or when the Pick-(n) is discontinued; or

(c) On the closing performance of the meet or split meet.

(13) Notwithstanding subsections (10) and (12) of this section, if for any reason the Pick-(n) carryover must be held over to the corresponding Pick-(n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The Pick-(n) carryover plus accrued interest shall then be added to the net Pick-(n) pool of the following meet on a date and performance designated by the association and approved by the commission.

(14) With the written approval of the commission, the association may contribute to the Pick-(n) carryover a sum of money up to the amount of any designated cap.

(15) The association may suspend previously-approved Pick-(n) wagering with the prior approval of the commission. Any carryover shall be held until the suspended Pick-(n) wagering is reinstated. An association may request approval of a Pick-(n) wager or separate wagering pool for specific performances.

(16) As it relates to any distribution method under subsection (3)(g) of this section which contains a unique winning ticket provision:

(a) A written request for permission to distribute the Pick-(n) unique winning ticket carryover on a specific performance may be submitted to the commission. The request shall contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. If the Pick-(n) unique winning ticket net pool and any applicable carryover is designated for distribution on a specified date and performance in which there is no unique winning ticket, the entire pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick-(n) contests.

(b) Associations shall clearly identify which selection under subparagraphs 1 and 2 of this paragraph will be relied upon for determining the existence of a unique winning ticket:

1. There is one (1) and only one (1) winning ticket that correctly selected the first place finisher in each of the Pick-(n) contests, based upon the official order of finish, to be verified by the unique serial number assigned by the tote company that issued the winning ticket; or

2. The total amount wagered on one (1) and only one (1) winning combination selecting the first-place finisher in each of the Pick-(n) contests, based up on the official order of finish, is equal to the minimum allowable wager.

(17)

(a) Each association shall disclose in its license application whether it intends to schedule Pick-(n) races and, if so, shall disclose:

1. The percentage of the pool to be retained for the winning wagers, and
2. The designated amount of any cap to be set on the pool to be retained for the winning wagers.

(b) Any changes to the Pick-(n) scheduling shall require prior approval from the commission or its designee.

(18) An association may request permission from the commission to distribute the Pick-(n) carryover on a specific performance. The request shall contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(19) Upon written approval of the commission, a sum of money up to the amount of any designated cap may be contributed to the Pick-(n) carryover by an association. The association may supply information to the general public regarding the winning dollars in the Pick-(n) pool. The information shall not be selectively distributed. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

Section 15. Twin Trifecta Pools.

(1) The Twin Trifecta shall require the selection of the first three (3) finishers, in their exact order, in each of two (2) designated races.

(a) Each winning ticket for the first Twin Trifecta race shall be exchanged for a free ticket on the second Twin Trifecta race in order to remain eligible for the second half Twin Trifecta pool.

(b) The winning tickets may only be exchanged at attended ticket windows prior to the second Twin Trifecta race.

(c) Winning first half Twin Trifecta wagers shall receive both an exchange and a monetary payout.

(d) Both of the designated Twin Trifecta races shall be included in only one (1) Twin Trifecta pool.

(2) After wagering closes for the first half of the Twin Trifecta, and the takeout has been deducted from the pool, the net pool shall then be divided into two (2) separate pools: the first half Twin Trifecta pool and the second half Twin Trifecta pool.

(3) In the first Twin Trifecta race only, winning wagers shall be determined using the following precedence based upon the official order of finish for the first Twin Trifecta race:

(a) As a single price pool to individuals whose combination finished in the correct sequence as the first three (3) betting interests, except if there are not any of those wagers, then;

(b) As a single price pool to individuals whose combination included, in correct sequence, the first two (2) betting interests, except if there are not any of those wagers, then;

(c) As a single price pool to individuals whose combination correctly selected the first-place betting interest only, except if there are not any of those wagers, then;

(d) The entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that race and Twin Trifecta wagering on the second half shall be cancelled.

(4) Except as established in subsection (16) of this section, if no first half Twin Trifecta ticket selects the first three (3) finishers of that race in exact order:

(a) Exchange tickets for the second half Twin Trifecta pool shall not be distributed; and

(b) The second half Twin Trifecta pool shall be retained and added to any existing Twin Trifecta carryover pool.

(5)

- (a) Tickets from the first half of the Twin Trifecta that correctly select the first three (3) finishers shall be exchanged for tickets selecting the first three (3) finishers of the second half of the Twin Trifecta.
- (b) The second half Twin Trifecta pool shall be distributed to individuals in the following precedence based upon the official order of finish for the second Twin Trifecta race:
1. As a single price pool, including any existing carryover monies, to individuals whose combination finished in correct sequence as the first three (3) betting interests except if there are not any of those wagers, then;
 2. The entire second half Twin Trifecta pool for that race shall be added to any existing carryover monies and retained for the corresponding second half Twin Trifecta pool of the next consecutive performance.
- (c) If a winning first half Twin Trifecta ticket is not presented for cashing and exchange prior to the second half Twin Trifecta race, the ticket holder may still collect the monetary value associated with the first half Twin Trifecta pool except the ticket holder shall forfeit all rights to any distribution of the second half Twin Trifecta pool.
- (6) Mutuel entries and mutuel fields shall be prohibited in Twin Trifecta races.
- (7) If a betting entry in the first half of the Twin Trifecta is scratched, Twin Trifecta wagers including the scratched betting interest shall be refunded.
- (8)
- (a) If a betting interest in the second half of the Twin Trifecta is scratched, an immediate public announcement and immediate posting on the association's video monitors and Web site concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest.
- (b) If tickets have not been exchanged prior to the close of betting for the second Twin Trifecta race, the ticket holder shall forfeit all rights to the second half Twin Trifecta pool.
- (9) If, due to a late scratch, the number of betting interests in the second half of the Twin Trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first half winning tickets shall be entitled to the second half pool for that race, except they shall not be entitled to the Twin Trifecta carryover.
- (10)
- (a) If there is a dead heat or multiple dead heats in either the first or second half of the Twin Trifecta, all Twin Trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be winning wagers.
- (b) If the dead heat occurs in the first half of the Twin Trifecta, the payout shall be calculated as a profit split.
- (c) If the dead heat occurs in the second half of the Twin Trifecta, the payout shall be calculated as a single price pool.
- (11) If the first Twin Trifecta race is canceled or declared "no contest", the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that race and the second half shall be cancelled.
- (12)
- (a) If the second half Twin Trifecta race is cancelled or declared "no contest", all exchange tickets and outstanding first half winning Twin Trifecta tickets shall be entitled to the net Twin Trifecta pool for that race as a single price pool, except they shall not be entitled to the Twin Trifecta carryover.
- (b) If there are no outstanding first half winning Twin Trifecta tickets, the net Twin Trifecta pool shall be distributed as described in subsection (3) of this section.
- (13)

- (a) The Twin Trifecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Twin Trifecta carryover equals or exceeds the designated cap, the Twin Trifecta carryover shall be frozen until it is won or distributed under the provisions of this administrative regulation.
- (b) After the Twin Trifecta carryover is frozen, 100 percent of the net Twin Trifecta pool for each individual race shall be distributed to winners of the first half of the twin Trifecta pool.
- (14) A written request for permission to distribute the Twin Trifecta carryover on a specific performance may be submitted to the commission. The request shall contain:
 - (a) Justification for the distribution;
 - (b) An explanation of the benefit to be derived; and
 - (c) The intended date and performance for the distribution.
- (15) If the Twin Trifecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second half of the Twin Trifecta after completion of the first half of the Twin Trifecta:
 - (a) As a single price pool to individuals whose combination finished in correct sequence as the first three (3) betting interests, except if there are not any of those wagers, then;
 - (b) As a single price pool to individuals whose combination included, in correct sequence, the first two (2) betting interests, except if there are not any of those wagers, then;
 - (c) As a single price pool to individuals whose combination correctly selected the first-place betting interest only, except if there are not any of those wagers, then;
 - (d) As a single price pool to holders of valid exchange tickets, except if there are not any of those wagers, then;
 - (e) As a single price pool to holders of outstanding first half winning tickets.
- (16) For a performance designated to distribute the Twin Trifecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the twin Trifecta.
 - (a) If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-and second-place finishers.
 - (b) If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, exchange tickets shall be issued for combinations correctly selecting only the first-place finisher.
 - (c) If there are no wagers selecting the first-place finisher only in the first half of the Twin Trifecta, all first half tickets shall be winning tickets and shall be entitled to 100 percent of that performance's net Twin Trifecta pool, and any existing Twin Trifecta carryover.
- (17) The Twin Trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
 - (a) Upon written approval from the commission as provided in subsection (14) of this section;
 - (b) Upon written approval from the commission if there is a change in the carryover cap or if the Twin Trifecta is discontinued; or
 - (c) On the closing performance of the meeting or split meeting.
- (18) If, for any reason, the Twin Trifecta carryover shall be held over to the corresponding Twin Trifecta pool of a subsequent meeting, the carryover shall be deposited in an interest-bearing account approved by the commission. The Twin Trifecta

carryover plus accrued interest shall then be added to the second half Twin Trifecta pool of the following meeting on a date and performance so approved by the commission.

(19) Associations shall not provide information to any individual regarding covered combinations, the number of tickets sold, or the number of valid exchange tickets. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees from processing of pool data.

(20)

(a) Each association shall disclose in its license application whether it intends to schedule Twin-Trifecta wagering and, if so, shall disclose:

1. The percentages of the net pool added to the first half pool and the second half pool; and
2. The amount of any cap to be set on the carryover.

(b) Any subsequent changes to the Twin Trifecta scheduling require prior approval from the commission or its designee.
