

STATEMENT OF EMERGENCY
201 KAR 20:070E.

This emergency amendment to an existing administrative regulation is being promulgated to meet an imminent threat to public health and welfare. The Commonwealth of Kentucky is experiencing a critical nursing shortage, as evidenced by the Governor declaring a state of emergency under Executive Order 2021-913. This emergency administrative regulation is being filed on an emergency basis under Kentucky Revised Statutes (KRS) 13A.190, 39A.180, 314.011, 314.041, 314.051, and 314.131(1), to meet an imminent threat to public health, safety and welfare and to address the nursing shortage by easing the provisional licensing requirement for nurse applicants who have not passed the National Council Licensure Examination (NCLEX). The existing regulation provides that a provisional license is revoked after one failed attempt to pass the NCLEX. This emergency administrative regulation differs from the existing administrative regulation because it provides applicants for nurse licensure two opportunities within six months to take and pass the NCLEX, before their provisional license is revoked for failing to pass the exam. It further limits their provisional licenses to a period of six months. This emergency administrative regulation will be replaced by an identical ordinary administrative regulation.
