NECESSITY, FUNCTION, AND CONFORMITY: KRS 194A.050(1) requires the secretary of the Cabinet for Health and Family Services to promulgate administrative regulations necessary to operate programs and fulfill the responsibilities vested in the cabinet, qualify for the receipt of federal funds, and cooperate with other state and federal agencies for the proper administration of the cabinet and its programs. REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Laura Begin or Krista Quarles

(1) Provide a brief summary of:

(a) What this administrative regulation does:

This administrative regulation enables the cabinet to qualify for federal funds under the Child Care and Development Fund (CCDF) and establishes procedures for the implementation of the Child Care Assistance Program (CCAP) to the extent that funding is available.

(b) The necessity of this administrative regulation:

This administrative regulation is necessary to qualify for federal funds under CCDF and for the proper administration of CCAP.

(c) How this administrative regulation conforms to the content of the authorizing statutes:

This administrative regulation conforms to the authorized statutes by allowing the cabinet to qualify for federal funds and establishing procedures for the implementation of CCAP.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes:

This administrative regulation will assist in the administration of the CCAP in a manner that is consistent with federal and state requirements, including available funding, and the interests of the clients to be served, child care providers, and taxpayers.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation:

The amendment to the administrative regulation incorporates funds received from the American Rescue Plan Act (ARPA) and funds appropriated from the General Assembly for the Child Care Assistance Program. ARPA was signed into law on March 11, 2021, and includes multiple funding provisions impacting families and the child care sector. This amendment increases the income eligibility for families at initial application from 200 percent of the federal poverty guidelines to eighty-five percent (85%) of the SMI as prepared by the U.S. Census Bureau, which formerly was the eligibility level for recertification. This change is expected to increase the number of families eligible at initial application. Effective August 1, 2022, to the extent funds are available, federal ARPA funds will be used to increase CCAP add-on incentive rates. The special care rate will increase from one (1) to five (5) additional dollars per day beyond the state maximum rate for full day and part day care. The provider accreditation rate will increase from two (2) dollars per day beyond the maximum rate to five (5) dollars per day beyond the maximum rate. The nontraditional hours add-on rate will increase from one (1) additional dollar per day to ten (10) additional dollars per day, incentivizing providers to consider operating during nontraditional hours. Effective September 1, 2022, the transition period during which a household still receives Child Care Assistance Program assistance after becoming ineligible due to exceeding income guidelines will be extended from three (3) to six (6) months. Federal ARPA funds are being used in this manner to assist families who may be experiencing a benefit cliff effect. Effective October 24, 2022, to the extent funds are available, the amendment includes that household

income will be exempted from the program eligibility determination if an applicant or responsible adult meets the eligibility requirements of Sections 3 and 4 of the administrative regulation and is employed by a regulated licensed child-care center or certified family child-care home. This may further incentivize employment in a child-care center or family child-care home. The “DCC-94E, Child Care Daily Attendance Record” is being amended to include that an overpayment shall (rather than may) be pursued as an intentional program violation.

(b) The necessity of the amendment to this administrative regulation:

The amendment to this administrative regulation is necessary to obligate remaining funds from the American Rescue Plan Act for the purpose of supporting child care.

(c) How the amendment conforms to the content of the authorizing statutes:

The amendment conforms to the content of the authorizing statutes by aligning policy with more efficient operations, promoting parents’ efforts to achieve self-sufficiency and the provision of quality child care, enhancing program integrity, and preserving the health and welfare of vulnerable children. This amendment obligates funds received through the American Rescue Plan Act.

(d) How the amendment will assist in the effective administration of the statutes:

The amendment will assist in the effective administration of the statutes through its refinement of CCAP in accordance with federal and state laws and the interests of households and children served.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation:
