

STATEMENT OF EMERGENCY
202 KAR 7:201E.

This emergency amendment is necessary to address the imminent threat to public health, safety, and welfare posed by the shortage of emergency medical services personnel throughout the Commonwealth. There are not enough EMS personnel in Kentucky working for EMS services. EMS agencies throughout the Commonwealth are having difficulty maintain adequate staffing levels. During the 2024 Regular Session, House Bill 57 became law. In relevant part, the bill amended KRS 311A.142(2) to allow the Kentucky Board of Emergency Medical Services (the "Board") to grant reciprocal certifications and licenses to individuals certified or licensed and in good standing with another state. Prior to the House Bill 57 amendments, the Board was only authorized to grant reciprocal certifications and licenses to EMS personnel holding credentials in a state contiguous to Kentucky. Consistent with the former statute, the current version of this administrative regulation only permits reciprocity to emergency medical responders (EMRs) certified or licensed in a state contiguous to Kentucky. This emergency amendment brings the administrative regulation into conformity with House Bill 57's amendment to KRS 311A.142(2) by making EMRs certified and in good standing in any other state eligible for a reciprocal Kentucky EMR certification. By promptly expanding reciprocity eligibility to EMRs certified and in good standing with any other state, this emergency amendment will mitigate the risks posed by the shortage of EMS personnel in the Commonwealth. An ordinary administrative regulation is not sufficient to address the imminent risk posed by the continued shortage of EMS personnel. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.
